## Rep. Green Votes in Favor of Truancy Package

**Madison** – Representative Chanz Green (R-Grand View) issued the following statement after voting in favor of the truancy package that was brought forth before the Assembly:

“Being on the [Assembly Speaker's Task Force on Truancy](#), we heard from all sorts of groups what has caused truancy to go [up](#) in recent years. From the hearings we had and the reports we took in, these bills were produced because of them. These bills are a step in the right direction that involves parents and schools. I was glad to be part of the task force that brought this package forward.”

The truancy package would give parents [notice](#) from the school if their child is habitually truant, change the [definition](#) of truancy, restore accountability by creating a clear and reasonable [attendance threshold](#), include [truancy information](#) proposed by DPI in each school district and school accountability report, and create a [truancy reduction grant program](#).

This package heads to the State Senate for consideration.

Rep. Green also voted in favor of other bills such as [AB 255](#), which creates a rural pharmacy practice grant program; [AB 671](#), which would allow law enforcement retirees to return to work in a part-time capacity in order to fill staffing gaps; [SB 780](#), which would increase the non-resident archer/crossbow hunting license from \$162.25 to \$197.25 when it comes to deer hunting; and [SJR 117](#), requesting Governor Evers to send aid and resources to the U.S.-Mexico border to assist with immigration efforts.
