Resolution Honors the Life and Public Service of Chancellor Blank

MADISON – Representative Stubbs released the following statement following Assembly passage of a resolution commemorating the life and public service of former University of Wisconsin Chancellor Rebecca Blank:

“I was honored to commemorate the life and public service of Dr. Rebecca Blank through the passage of a Joint Resolution on April 18th. Joining us to mark this special occasion were Dr. Blank’s husband, Hanns Kuttner, and daughter, Emily Kuttner.

“Dr. Blank leaves behind a legacy of public service and great personal accomplishment. She was a leader in our community and among her many achievements, paved the way to more equitable education at the University of Wisconsin-Madison.

“I will forever remember the great mind and kind heart of Dr. Blank. While I am sad to lose a wonderful friend and leader in our community, I take solace in knowing that she will be forever remembered in our state for her important work and enduring legacy.”
