### **Representative Lisa Subeck Named Conservation Champion**

MADISON – Representative Lisa Subeck (D–Madison) has been named a Conservation Champion, a distinction for legislators who received a perfect 100 percent score on key conservation legislation, by Wisconsin Conservation Voters, an organization dedicated to promoting effective environmental policies.

"Ensuring access to clean air and water and preserving our great outdoors is crucial for all Wisconsinites' health and well-being, as well as being a great economic driver for our state," said Rep. Subeck. "I appreciate Wisconsin Conservation Voters' recognition and will continue to advocate for policies that protect Wisconsin's environment and natural resources for us and future generations."

The Wisconsin Conservation Voters recently published 2023-2024 Conservation Scorecard is available at <https://conservationvoters.org>.

Rep. Subeck has served in the State Assembly since 2015 and is the Assembly Democratic Caucus Chairperson.
