Rep. Edming Eager to Work on State Budget

Madison – State Representative James W. Edming (R-Glen Flora) issued the following statement after Governor Walker’s budget address Tuesday night.

“I am eager to start working on the new two-year state budget. I believe that Governor Walker laid the groundwork for a budget that can benefit every Wisconsinite. It is now up to the Legislature to build upon this foundation to create a quality product that works for all of Wisconsin. The spending plan must invest in schools and grow the economy, while still protecting taxpayers.

“Now is the time to find areas in the Governor’s plan to improve upon, not only for the people of the 87th district, but for the entire state. It is crucial that we meticulously examine the budget: substantial changes to the UW System and highway funding deserve careful consideration.

“I encourage my constituents to offer their input during the upcoming weeks. I would like to know what outcomes they want included in the proposed spending agenda. With the help of my constituents, we can craft the best budget for our state and provide the future that Wisconsinites deserve.”
