Rep. Edming on Approval of Medford Ranger Station

Madison – State Representative James W. Edming (R-Glen Flora) issued the following statement after the State Building Commission approved the construction of a new ranger station and storage building in Medford.

“I was pleased that the [letter of support](#) I sent to Rep. Rob Swearingen (R-Rhineland) of the Building Commission had a positive impact on the approval of the project,” said Rep. Edming. “The commission voted unanimously in favor of this new construction; it is always refreshing to see a commitment to the needs of my district. This is a key construction for Taylor County and I want to thank the Building Commission for taking the initiative to improve the functionality and safety of this facility. The new ranger station and storage building will certainly be an asset to Medford and I eagerly await the finished project.”
