Our Year in Review

As 2018 comes to a close, I wanted to share with you just a few of the amazing things that have happened in the 92nd district that I was able to share in.

Gary Schlosstein of Alma celebrated 60 years on the bench as a judge. This is such an incredible achievement. Gary is surely dedicated to the principle of servant leadership. Not only is Gary a dedicated public servant, but he also serves his community as Buffalo County's historian.

Speaking of history, did you know that Garden Valley celebrated their 150th anniversary this year? The first inhabitants, dating back 11,000 years ago, were Native Americans who quarried quartzite on Silver Mound which is now a National Historic Landmark. Thanks to Mary Woods of Black River Falls I have learned so much about this fantastic town's rich history.

This year I also had the great opportunity to tour Bragger Family Dairy Farm with the Secretary of Agriculture, Sheila Harsdorf. Joe Bragger's farm near Independence is stunningly beautiful with its slopes and brown trout pond. It is important to listen to the needs of and support our local farmers and agricultural workers to keep the Wisconsin tradition alive. I was even tempted myself to give gallons of milk out for holiday gifts.

I was further able to assist in the ground breaking for the Black River Memorial Hospital for their addition and remodeling project. This project will help in providing exemplary care for the citizens of our communities. I thank all of the dedicated doctors and nurses who work long and hard to see that we are healthy and supported in our times of need.

Additionally, to keep us safe, Mondovi High School partnered with AT&T and The Wisconsin State Patrol to discourage texting and driving. What a great campaign that shows the value of patience. And this doesn't just relate to young people but to everyone to keep us and those around us safe on the roads.

Throughout all of the summer season, many people came together to make numerous fairs, fish fry's and fun days exceptional to support the people around them. It is the dedication of these volunteers that continually astounds me. I am very grateful and appreciative of people who give their time to help others.

It is because of the hard working people in our district that make our communities such a great

place to live. I'm proud of all the things the people and towns of the 92nd district have accomplished this year. There are many more than just these of course. I wish you a happy New Year and I can't wait to see what 2019 brings.

As always, feel free to contact my office with questions, comments, or concerns.
