America's Dairyland

With the summer months approaching and our agriculture industry in full gear, I am happy to recognize June as National Dairy Month. Since Wisconsin is most well known as "America's Dairyland," it is important to recognize all the hard work and dedication that our farmers and those in the profession have given to the State of Wisconsin and the nation.

I would like to thank the hosts of the dairy breakfasts in Buffalo, Jackson, and Trempealeau County as well as hosts across our great state for welcoming visitors to their farms. These are great events and I encourage everybody to attend their local dairy breakfast to support the dairy farmers, engage in your local communities, and to take the opportunity to teach children about where their food comes from.

Jackson County held their dairy breakfast this year at the Eachibon Swiss & Mahoney-East Holsteins Farm in Melrose on June 1. The Trempealeau County Dairy Breakfast will be held on June 8 at the Gierok Farm in Independence, and the Buffalo County Dairy Breakfast will be held at the Acorn Ridge Dairy in Cochrane on June 22.

In addition, there will be many other dairy breakfasts hosted around the 92nd Assembly District such as the Pepin County Dairy Breakfast, La Crosse County Dairy Breakfast, and numerous others in the area.

Thank you to all those working in the dairy industry and for providing dairy products to consumers all across our great nation.

To find more details on dairy breakfasts and more events in the area, please visit:
