**Rep. Billings Statement on Governor Evers’ 2024 State of the State Address**

Madison, Wis – Tonight Governor Tony Evers gave his 2024 State of the State Address. Upon the conclusion of his address Rep. Billings released the following statement.

“Tonight Governor Evers highlighted the accomplishments of his administration, the challenges that we face as a state moving forward, and opportunities to work together, across party-lines, to address the pressing issues facing families and communities across the state.

“As the Legislature finishes its Session, there is still time to address these challenges and invest in areas that will most benefit our constituents, our local economies, and our entire State, including investments in our children, our public education, and our workforce. The State of Wisconsin continues to have a large budget surplus, I urge Republicans to join us and invest in our families, our communities, and our economy.”

“I am particularly proud of the Governor’s focus on childcare, workforce development, and housing. These are issues that I work on, because they are important to people in the Coulee Region. I was happy to hear that the Governor has heard the needs of our community and called for action to address them.”

*Rep. Jill Billings serves the 95th District in the Wisconsin State Assembly. The 95th district includes all of the city of La Crosse, town of Campbell and a portion of the town of Shelby.*
