Statement on Forward on Climate Package

MADISON – Today, Legislative Democrats reintroduced the Forward on Climate Package, a series of 20 bills to address climate change and its impacts across the state of Wisconsin.

“I am proud to stand with my colleagues today to introduce the Forward on Climate Package, including my bill LRB 4913 which provides scholarships to students at university of Wisconsin schools, technical colleges, or other Wisconsin-based institutes for higher education, seeking to work in fields addressing climate change.”

“Climate change is not a red or blue issue, it shouldn’t be partisan, climate change will increasingly impact everyone, in every community across the state. I hope my colleagues on the other side of the aisle will join in supporting these bills which will move our state forward in addressing climate change.”
