## Rebate Available for Opioid Antagonist Narcan

**Madison** – Wednesday, State Rep. John Nygren (R-Marinette) released the following statement regarding a new rebate program for the opioid antagonist Narcan (naloxone):

“Narcan is a life-saving drug that, when administered properly, has the potential to reverse the effects of an opioid overdose.

“I’m proud that Attorney General Schimel and the Department of Justice have reached an agreement with Amphastar Pharmaceuticals to provide a \$6 rebate for each Amphastar naloxone syringe purchased by public entities from now until February of next year.

“This rebate will help increase the accessibility and affordability of Narcan, which will save lives.”

For more information on the rebate, visit the [Wisconsin Department of Justice website](#).
