WORKFORCE DEVELOPMENT -- DEPARTMENTWIDE

Study Committee on Improving the Lives of Working People

Motion:

Move to require the Department of Workforce Development (DWD), together with employers, workforce representatives, and other state agencies that DWD identifies as appropriate, to collaborate to prepare a report on best practices and policies that states have implemented that have shown success in increasing worker wages, growing labor force, addressing income inequality and racial disparities in unemployment, and other issues related to improving the lives of working people and families as determined by the Department. Require DWD to report their findings to the Governor, Joint Committee on Finance, and other standing committees of the Legislature, as appropriate, by December 31, 2020.
