JFC Dems Eager to Hear From Wisconsinites Amidst Trump-Musk Chaos

MADISON — Today, Republican chairs of the Joint Committee on Finance announced four public hearings to discuss Gov. Evers’ proposed 2025-27 biennial budget. The public hearings will take place on April 2 in Kaukauna; April 4 in West Allis; April 28 in Hayward and April 29 in Wausau.

Last month, Congressional Republicans canceled various town halls across the state when they realized the Trump-Musk regime is tanking our economy.

The four Democratic members of the Joint Committee on Finance issued the following statement:

“We look forward to hearing from the people about how we can work together to ensure everyone has the opportunity to succeed in every community in the state.

“Over the past few weeks, Wisconsinites have seen attacks on dairy farms, broadband access, healthcare, child care, and school lunches by the Trump-Musk regime, not to mention the rising costs and lost wages that will result from their trade wars. These listening sessions are an opportunity for people around the state to showcase the disastrous consequences of the Trump-Musk chaos and Gov. Evers’ budget proposal offers a positive alternative for our state if we are willing to work together.”
