## **Representative Stuck Statement on Kimberly-Clark Announcement** *Waiting for Relief and Recovery in the Fox Valley*

APPLETON – Rep. Stuck issued the following statement in regarding news of the layoffs and closures of Kimberly-Clark’s Fox Cities operations.

“In recent months we have seen bankruptcies and plant closures across the Fox Valley, with good-paying jobs leaving our community and leaving Wisconsin. I can’t help but wonder why we keep getting bad news of closures and layoffs if the economy is recovered and if federal corporate tax cuts will result in job creation.”

“My heart and my thoughts go out to all of the workers and families impacted by these mill closures our community, but thoughts only can get us so far. We need action at the state level to help stop the bleeding in our community. I cannot fathom how leadership in this state has pushed and supported a giveaway of more than \$4 billion in tax payer dollars to a foreign company, but have done little to nothing to help the manufacturing industry and companies already located here in Wisconsin. Our Fox Cities Community deserves better.”
