FCWI is a licensed provider of CarePortal and implementing partner for the state of Wisconsin.

EXPAND YOUR OUTREACH

Family Connect helps equip churches and ministries with a heart to help local children and families in crisis. Backed by CarePortal technology, training, and support, each church in the CarePortal network commits to pray, give, and serve. Churches can also identify and submit needs within their own church and community through the Church Entered Needs feature.

Provide resources to stabilize the environment of children and their caregivers.

OPPORTUNITY FOR THE CHURCH

Every request presents the **opportunity** for churches to make meaningful connections. Sometimes, connection means meeting one need at just the right moment. At other times, connection starts life-changing relationships.
