Dear Senator Roessler and Representative Jeskewitz:

We have completed our fiscal year (FY) 2004-05 financial audit of the State of Wisconsin Investment Board, as requested by the Investment Board and to fulfill our audit requirements under s. 13.94(1)(df), Wis. Stats. The Investment Board's financial statements present the investments and investment activity for the State Investment Fund, the Wisconsin Retirement System funds, and five other smaller insurance and trust funds. The statements and our unqualified opinions on them are included in the Investment Board's 2005 annual report, which can be found on the Investment Board's Web site.

The State Investment Fund invests the excess operating funds of State of Wisconsin agencies, the retirement funds, and the Wisconsin Local Government Investment Pool. Net investment income earned by the State Investment Fund increased 72.7 percent, from \$64.6 million in FY 2003-04 to \$111.5 million in FY 2004-05 because of higher interest rates in the markets. After factoring in net investment income and net deposits and withdrawals, the State Investment Fund had a net asset balance of \$4.8 billion as of June 30, 2005.

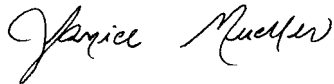

The retirement funds, which include the Fixed Retirement Trust Fund and the Variable Retirement Trust Fund, experienced positive investment returns in FY 2004-05. The Fixed Retirement Trust Fund reported net investment income of \$6.3 billion, and the Variable Retirement Trust Fund reported net investment income of \$483.9 million. After factoring in net investment income, net contribution receipts, and benefit disbursements in FY 2004-05, the net asset balances of the retirement funds as of June 30, 2005, were \$64.0 billion for the Fixed Retirement Trust Fund and \$6.0 billion for the Variable Retirement Trust Fund.

The Investment Board is also responsible for investing the assets of five insurance and trust funds: the Injured Patients and Families Compensation Fund, the State Life Insurance Fund, the Local Government Property Insurance Fund, the EdVest Tuition Trust Fund, and the Historical Society Trust Fund. Each of these funds has different investment policies, as established by the agency responsible for the fund and the Investment Board. The largest of these funds, the Injured Patients and Families Compensation Fund, had net assets totaling \$757.8 million as of June 30, 2005. All of the funds reported positive investment returns.

Representative Suzanne Jeskewitz, Co-chairpersons
