**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

We have audited the financial statements of the Retirement Investment Trust Funds, the State Investment Fund, and the Various Funds managed by the State of Wisconsin Investment Board as of and for the year ended June 30, 2009, and have issued our reports thereon dated August 25, 2009, and November 24, 2009. The financial statements and related auditor's opinions are included in the State of Wisconsin Investment Board's annual report for 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control over Financial Reporting**

In planning and performing our audit, we considered the Investment Board's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Investment Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Investment Board's internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or to detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses as defined above.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Investment Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This independent auditor's report is intended solely for the information and use of the Investment Board's management and audit committee, and the Wisconsin Legislature. This report is a matter of public record and its distribution is not limited. However, because we do not express an opinion on the effectiveness of the Investment Board's internal control or on compliance, this report is not intended to be used by anyone other than these specified parties.
