

## 2010-11 Wisconsin Fund Awards

As you know, the Wisconsin Fund is a program that provides grants to homeowners and small commercial businesses to help offset a portion of the cost for the repair, rehabilitation, or replacement of existing failing Private Onsite Wastewater Treatment Systems (POWTS). Eligibility is based upon several criteria, including household income and age of the structure. County government officials assist interested individuals in determining eligibility and in preparation of grant applications. Statutes limit the state grant share to \$7,000, or 60% of the total replacement cost, whichever is less.

If approved applications exceed available funding, Commerce is required to prioritize funds to counties based on potential environmental harm associated with different types of private sewage system failures. The Department pays the higher risk category one grants (discharge to waters) in full before the lower risk category two grants (discharge to dry surface) are eligible for any funding. If the number of approved applications in either category exceeds the available funding, the grants are prorated. Grants awarded in 2009-10 and 2010-11 are summarized in the table below.

**Table 1: Distribution of Grant Applications and Awards**

	Eligible Applicants	Application Amount	Prorated Grant Amount	Grant as Percent of Application
<b>2009-2010 Award</b>				
Category 1	645	\$3,167,334	\$2,736,825	100%
Category 2	<u>16</u>	<u>52,150</u>	<u>48,952</u>	100
Total	661	\$3,219,484	\$2,785,777	NA
<b>2010-2011 Award</b>				
Category 1	814	\$3,709,412	\$2,877,949	86%
Category 2	<u>30</u>	<u>86,875</u>	<u>0</u>	
Total	844	\$3,796,287	\$2,877,949	NA

In 2010-11, the average grant award for the 814 category one awards was \$3,536. The distribution of grants in 2010-11 by final grant amount (after proration) is shown in Table 2, below.

**Table 2: Distribution of Grants by Grant Amount – 2010-11**

Amount Of Grant	Number Of Grants	Amount	Average
\$1-1,000	18	\$11,501	\$639
1,001-2,000	88	143,210	1,627
2,001-3,000	265	671,911	2,536
3,001-4,000	180	646,545	3,592
4,001-5,000	36	164,055	4,557
5,001-6,000	219	1,192,567	5,446
6,001-7,000	<u>8</u>	<u>48,160</u>	<u>6,020</u>
Total	814	\$2,877,949	\$3,536

<b>Totals</b>	792,157	761,483	772,232	218,361 28.68%	461,136 60.95%	565,564 74.27%	644,301 83.43%	**	***	****

\* Original Estimate based on EIS prepared in late '90's and annual permit data.

\*\* 36 of 71 counties and two municipalities in Milw. County are indicating they have completed their inventory. With the exception of two counties (Marathon and Oconto) the rest are reporting they anticipate completing the inventory in one - two years.

\*\*\* 24 counties have reported that their maintenance reporting program is complete and operational.

\*\*\*\* 47 counties indicate they are currently sending out maintenance notices to pre-WI Fund system owners.
