PART I – WORK OF THE 2020-21 JOINT LEGISLATIVE COUNCIL

JOINT LEGISLATIVE COUNCIL

The Joint Legislative Council held one meeting between January 1, 2020 and May 31, 2022 (the period covered by this report), on the following date:

- March 17, 2021.

The proposals introduced by the Joint Legislative Council and the Law Revision Committee are discussed in Part II of this report.

Council Study Committees

During the period covered by this report, two statutory committees and one study committee met, three symposia series were held, and six Legislative Interim Research Reports were prepared to report to the 2021-22 Joint Legislative Council.

The statutory committees were:

- Law Revision Committee.
- State-Tribal Relations.

The study committee was:

- Study Committee on Public Disclosure and Oversight of Child Abuse and Neglect Incidents.

The three symposia series were:

- Symposia Series on Early Access to Autism Treatment.
- Symposia Series on Early Literacy Policies.
- Symposia Series on Workforce Housing.

The five Legislative Interim Research Reports were the following:

- Criminal Sentencing of Juvenile Offenders.
- District Attorney Funding.
- Dual Enrollment.
- Pollinator Health.
- Streamlining the Hunting, Trapping, and Fishing Licensure System.
- Organization of Wisconsin’s Workforce Development System.

Organization and Activities of the Joint Legislative Council

Twenty-two legislators serve on the Joint Legislative Council: 11 from the Senate; and 11 from the Assembly. Twelve of these members are ex officio and serve on the Council because of their positions as legislative leaders. These members are: the speaker of the Assembly; the president of the Senate; the speaker pro tempore of the Assembly; president pro tempore of the Senate; the
majority and minority leaders of the Assembly and Senate; the two co-chairs of the Joint Committee on Finance (JCF); and the ranking minority member of JCF from each house. The other 10 members are appointed in the same manner as members of standing committees are appointed: five are appointed by the chair of the Senate Committee on Organization; and five by the speaker of the Assembly. [s. 13.81 (1), Stats.]

The Joint Legislative Council establishes study committees during the recess periods of the Legislature. The council determines which studies will be conducted and establishes committees to review, study, and propose recommendations. These studies generally are of four types:

- Intensive examination of problems that are expected to confront a succeeding Legislature.
- Review of controversial subjects that were unresolved by the previous Legislature.
- Major codifications and revisions of portions of the law.
- Methods of improving the operation and effectiveness of state agencies.

There are two continuing council committees currently required by statute: the Special Committee on State-Tribal Relations; and the Law Revision Committee. [s. 13.83, Stats.]

Each committee submits a report to the Joint Legislative Council. In almost all cases, the report makes recommendations for legislative changes based upon its study. The council reviews the recommendations for legislation and introduces those approved by a majority of the membership of the council (12 votes).

**Operation of Legislative Council Staff**

The Joint Legislative Council and the council’s study committees are staffed by a nonpartisan legislative service agency. The Legislative Council staff serves in the unclassified service. As of May 31, 2022, the council staff included, in addition to the Director, 17 attorneys, two analysts, and five administrative staff.

The basic duties of the staff include:

**Services for the council and its committees.** The Legislative Council staff provides services for the Joint Legislative Council and its study committees.

**Services for legislative committees.** The Legislative Council staff provides nonpartisan legal analysis and policy research for standing committees and their subcommittees, select or special committees of the Legislature, and a number of joint statutory committees. The Legislative Council staff serves as the secretariat for the Joint Committee on Legislative Organization and for the Joint Committee on Employment Relations.

**Services for individual legislators.** Upon request, the Legislative Council staff provides legal analysis and other research to individual legislators.

**Administrative Rules Clearinghouse.** Prior to any public hearing on a proposed rule, or prior to notification of the chief clerks if no hearing is required, the agency proposing the rule must submit the proposed rule to the Legislative Council staff for review. The Legislative Council staff is required to review the rule for various technical requirements, such as statutory authority for promulgation of the rule and the form and clarity of the rule and issue a clearinghouse report with its comments on the rule. The Legislative Council staff also works with and assists the appropriate
standing committees throughout the rule-making process. For additional information, see the Clearinghouse’s 2021 Annual Report to the Legislature, which is available at http://www.legis.wisconsin.gov/lc. [See s. 227.15, Stats.]

**Services to the public.** The Legislative Council staff is available to answer questions from members of the general public and from research agencies and legislators of other states. Information about the Legislative Council staff, as well as publications prepared by the staff, is available at http://www.legis.wisconsin.gov/lc.

Summary of Committee Activity

The Joint Legislative Council established the Study Committee on Public Disclosure of Child Abuse and Neglect Incidents and appointed the chairperson by a June 18, 2020 mail ballot. The committee’s assignment was the following:

...to examine the requirements created by 2009 Wisconsin Act 78, and analyze whether those requirements provide an effective mechanism for public disclosure and legislative oversight of certain egregious incidents of child abuse or neglect and certain reports of abuse of children placed in out-of-home care. The committee shall consider whether to modify the types of incidents prompting disclosure and reports, as well as the nature and timing of any required disclosures or reports. In addition, the committee shall consider modifying the manner in which the Legislature reviews the required disclosures and reports and consider whether to subject alternative or additional information to regular review by the Legislature.

Membership of the study committee was appointed by a July 24, 2020 mail ballot. Final committee membership consisted of three Senators, two Representatives, and six public members. A list of the committee membership can be found in the Appendix to this report.

The study committee held four meetings on the following dates:

PART III – LEGISLATIVE COUNCIL SYMPOSIA SERIES

EARLY ACCESS TO AUTISM TREATMENT

The Symposia Series on Early Access to Autism Treatment presented information on barriers to Wisconsin families and children in accessing early diagnosis and treatment of autism. The symposia included a review of current state Medicaid policies and a discussion on the availability of autism treatment providers throughout the state. The symposia also identified options for enhancing access to early diagnosis of autism and promoting treatment that is based on evidence-based medical practices.

The symposia series consisted of four presentations on the following dates:
September 8, 2020 – Early Childhood Autism Screening and Diagnosis.
September 15, 2020 – Access to Early Behavioral Treatment.

For more information or to view the presentations, see the symposia series webpage at: https://docs.legis.wisconsin.gov/misc/lc/study/2020/2081.

EARLY LITERACY POLICIES

The Symposia Series on Early Literacy Policies presented information on how children learn to read, focusing on the research done by cognitive psychologists, neuroscientists, teacher preparation professionals, and early childhood developmental researchers. The symposia provided background on both the neuroscience behind how the brain learns to read and the classroom research which indicates best practices for teaching children to read. The symposia also examined the importance of teacher preparation, culturally relevant pedagogy, and the earliest stages of literacy from birth to age three. Finally, the symposia reviewed early literacy policy initiatives and legislation trends throughout the country.

The symposia series consisted of five presentations on the following dates:
August 12, 2020 – How the Brain Learns to Read.
August 19, 2020 – Teacher Preparation, Culturally Relevant Pedagogy, and Early Literacy.
August 26, 2020 – Early Literacy Birth to Age 3.
September 2, 2020 – Survey of Early Literacy Policy Initiatives in Other States.

For more information or to view the presentations, see the symposia series webpage at: https://docs.legis.wisconsin.gov/misc/lc/study/2020/2080.
Workforce Housing

The Symposia Series on Workforce Housing presented information on the affordability of workforce housing in Wisconsin. The symposia explored underlying issues, such as the cost of building materials and regulations under current law that affect the cost of construction of new, or rehabilitation of existing, affordable workforce housing. Further, the symposia surveyed how other states have incentivized or reduced barriers to the development of affordable workforce housing by utilizing tax policy, zoning, and land use regulations. The symposia also considered how other states’ solutions might be tailored to Wisconsin to create affordable housing in both rural and urban parts of the state.

The symposia series consisted of four presentations on the following dates:

October 7, 2020 – Overview of Workforce Housing in Wisconsin.

October 14, 2020 – The Building Blocks of Workforce Housing.

October 21, 2020 – The Cost of Workforce Housing.

October 28, 2020 – Survey of Other States’ Approaches to Workforce Housing.

For more information or to view the presentations, see the symposia series webpage at: https://docs.legis.wisconsin.gov/misclc/study/2020/2082.
PART IV – LEGISLATIVE INTERIM RESEARCH REPORTS

CRIMINAL SENTENCING OF JUVENILE OFFENDERS

This report reviewed issues relating to the sentencing of juvenile offenders in adult criminal court, with a specific focus on sentences to life imprisonment. The report includes an overview of relevant state sentencing requirements and federal and state case law regarding Eighth Amendment constraints on sentences imposed on juvenile offenders in adult criminal court. It also includes options from stakeholder groups regarding possible modifications to the procedures and standards for sentencing juvenile offenders in adult criminal court, including the procedures and standards for determining a juvenile’s eligibility for release to supervision.

For a copy of the report, see https://docs.legis.wisconsin.gov/misc/lc/study/2020/2086.

DISTRICT ATTORNEY FUNDING

This report describes how the state provides funding for district attorneys, deputy district attorneys, and assistant district attorneys (prosecutors), including a description of the weighted caseload formula and how positions are allocated statewide. In addition, this report includes recommendations from prosecutors and other stakeholders for alternative funding approaches to provide funding for prosecutors that will allow for adequate prosecutorial staffing without creating incentives to overcharge or discouraging appropriate diversion programs.

For a copy of the report, see https://docs.legis.wisconsin.gov/misc/lc/study/2020/2087.

DUAL ENROLLMENT

This report reviews the history of current dual enrollment programs under which students may simultaneously earn both high school and college credit, the Early College Credit program, and the Start College Now program. Further, the report describes these programs and gathered recommendations regarding the adequacy of opportunities for student participation, course costs, and the division of expense between students, secondary, and post-secondary institutions. The report also includes recommendations regarding the appropriateness of maintaining separate programs for technical colleges and other institutions of higher education and options for: resolving any ambiguities that exist under the current programs; creating more uniformity between the current programs; or consolidating the current programs.

For a copy of the report, see https://docs.legis.wisconsin.gov/misc/lc/study/2020/2085.

 POLLINATOR HEALTH

This report presents options for legislation to support Wisconsin pollinators, based on stakeholder input, relevant scientific literature, and approaches taken by other states and at the federal level. Noting the bipartisan recognition of the importance of pollinators to the state’s agricultural, economic, and ecological health, the report reviews and presents a range of
approaches for legislative consideration, including options that: provide incentives for pollinator research, monitoring, and awareness; promote pollinator habitat and beekeeping; and encourage pollinator-friendly agricultural practices. The report primarily focuses on nonregulatory approaches to supporting pollinator health in Wisconsin.

For a copy of the report, see https://docs.legis.wisconsin.gov/misc/lc/study/2020/2088.

**STREAMLINING THE HUNTING, TRAPPING, AND FISHING LICENSURE SYSTEM**

This report describes the hunting, trapping, and fishing licensure system in Wisconsin. Specifically, the report focuses on the variety of licenses and approvals, including fees, discounts, and options, available to certain groups or individuals. In addition, the report includes recommendations from stakeholders, the Department of Natural Resources, and other relevant state agencies for legislation that streamlines and simplifies the licensure system and increases the system’s ease of use.

For a copy of the report, see https://docs.legis.wisconsin.gov/misc/lc/study/2020/2084.

**ORGANIZATION OF WISCONSIN’S WORKFORCE DEVELOPMENT SYSTEM**

This report reviews the organization of Wisconsin’s current workforce development system, including the roles played by different governmental entities to develop Wisconsin's workforce. The report focuses on the structure, interrelationship, and coordination between the state's workforce development programs, taking into account the separate federal requirements that apply to certain programs. The report considers whether any programs may be consolidated or otherwise reorganized to strengthen their effectiveness and includes recommendations from stakeholders to improve the structural framework for administering workforce development programs in Wisconsin.
