GUIDE TO THE LEGISLATIVE WEBSITE

The Legislative Website is an incredible tool that you can use to find everything you need to know about state government.

Who Represents You?

When you get to the homepage, you'll have two options to search. In **Box 1** above, you can enter your address or click the "Find by Map" option and search for your property that way.

Finding Contact Info

The following links will give you a list of Senators and Representatives who are currently serving. Once you find your legislator, the detail link will take you to their home screen - which has their contact info.

Tracking Legislative Work

If you'd like to receive notifications on bills, amendments, committees, administrative rules, or certain legislators - sign up for the "Notification Service" in **Box 2** above.

Keeping Up With Committees

The following links will give you a list of Joint, Senate, and Assembly Committees. All committee updates will be posted to these pages - as well as membership, calendar, and an option to subscribe to notifications.

Today in the Legislature

Click the "Today in the Legislature" button in **Box 3** to find out what's happening today. This page will show you committee hearings, important bills, and has links to follow along with floor sessions.

Wisconsin Eye Coverage

While not on the Legislature Website, I'd like to point out that Wisconsin Eye provides streaming services for every floor session and most committee hearings.
