

The
FELZKOWSKI FLYER

WISCONSIN'S 12TH SENATE DISTRICT

COCKTAILS-TO-GO HEADED TO GOVERNOR'S DESK

Yesterday, the Wisconsin State Senate passed my Cocktails-To-Go legislation with broad bipartisan support.

Our hospitality industry has been one of the hardest hit throughout the COVID-19 pandemic and the ensuing shutdown, and we're really feeling it in rural Wisconsin. Cocktails-To-Go is another tool in the toolbox to help our local bars and restaurants weather this storm.

Cocktails-To-Go will allow bars and restaurants the ability to sell cocktails in tamper-evident sealed containers with their to-go orders – similar to our current practice with growlers of beer. The bill does not change any open alcohol or drunk-driving standards or laws currently in place.

Our local bars and restaurants are more than just small businesses – time and time again they've shown up to support their communities, sponsor our sports teams, and help us celebrate milestones and holidays. This legislation will enable them to increase their profit margins, and will provide relief to this struggling industry.

The bill now heads to the Governor's desk, where he will decide to either sign it into law or veto it.

GREAT TURNOUT AT LISTENING SESSIONS

Last Friday, I held my first four listening sessions around the district.

We started the day in Tomahawk with Representative Calvin Callahan.

We then met up with Representative Rob Swearingen and held listening sessions in Rhinelander, Hazelhurst, and Eagle River.

Our discussions involved everything from the budget and marijuana, to education funding and election integrity.

We had wonderful turnout at all of the events and it was great to hear from you, our constituents.

We also wanted to make sure everyone knows that the Joint Committee on Finance (budget writing committee) will be holding a public hearing in Rhinelander on April 21st at the Hodag Dome.

We have eight more listening sessions planned for the 12th Senate District. Details for those events can be found on the next page.

DENTISTS CAN GIVE COVID-19 VACCINES

On Monday, Senate Bill 13 was signed into law.

Senate Bill 13 allows dentists to administer COVID-19 and flu vaccines under certain circumstances, including completing an eight hour course of study and training on vaccine storage, protocols, administration technique, emergency procedures, and record keeping and must have in effect liability insurance meeting certain requirements.

EIGHT MORE LISTENING SESSIONS SCHEDULED

This coming Saturday and Tuesday, I will be holding eight more listening sessions around the 12th Senate District. See details below!
