**Madison, WI** – On Thursday, Senator Mary Felzkowski (R-Tomahawk) joined Representative Treig Pronschinske (R-Mondovi) in authoring legislation that would make Wisconsin a Second Amendment sanctuary state – preventing the federal government from infringing on the rights of legal gun owners across Wisconsin.

Felzkowski commented: “Today, we witnessed a blatant overreach and attack on our second amendment rights. The sitting president of the United States of America signed six executive orders aimed at stripping millions of legal gun owners across the country of their sacred, unalienable rights.”

Felzkowski’s bill would prohibit the government from confiscating firearms, firearm accessories and ammunition that are legally owned and made in Wisconsin. It would also prohibit state public funds and state employees from assisting in the confiscation of legally owned, Second Amendment protected firearms, firearm accessories, and ammunition.

Felzkowski continued: “It’s been said time and again – our Second Amendment right to bear arms is the only thing protecting the American people from an overreaching government. Our Constitution is set in stone. You don’t get to pick and choose which sections you adhere to and respect based off of a political agenda, and this bill makes that crystal clear.”
