## **2ND AMENDMENT SANCTUARY STATE BILL**

Last week, Rep. Treig Pronschinske and I authored a bill to make Wisconsin a Second Amendment Sanctuary State which would prevent the federal government from infringing on the rights of legal gun owners throughout our state.

Last Thursday, we witnessed a blatant overreach and attack on our second amendment rights. The sitting president of the United States of America signed six executive orders aimed at stripping millions of legal gun owners across the country of their sacred, unalienable rights

Our bill would prohibit the government from confiscating firearms, firearm accessories and ammunition that are legally owned and made in Wisconsin. It would also prohibit state public funds and state employees from assisting in the confiscation of legally owned, Second Amendment protected firearms, firearm accessories, and ammunition. (*See our one-pager for more info*)

Our Constitution is the foundation of our Constitutional Republic and the law of the land. You don't get to pick and choose which sections you adhere to and respect based off of a political agenda, and this bill makes that crystal clear.
