Sen. Mark Spreitzer and Rep. Jenna Jacobson Tour Edgerton Hospital, Present Flags

EDGERTON – Today, State Senator Mark Spreitzer (D-Beloit) and State Representative Jenna Jacobson (D-Oregon) were pleased to tour Edgerton Hospital, and to formally present the hospital and CEO Marc Augsburger with a U.S. flag and a State of Wisconsin flag that were flown over the State Capitol in Madison.

“I appreciated the opportunity to present Edgerton Hospital with flags flown over the Capitol, and to tour the hospital and their healing garden. I am proud that these flags will be on display at Edgerton Hospital as the hospital and its staff serve our community,” said Senator Spreitzer. “I also appreciated the opportunity to speak with hospital staff regarding the importance of promoting affordable, accessible healthcare.”

“I truly value the care that Edgerton Hospital provides, and I am excited to see it grow to serve more people in our community,” said Representative Jacobson. “I look forward to bringing the discussions we had today to my work in the State Assembly.”
