Senator Mark Spreitzer Condemns Racism at Beloit-Muskego Basketball Game

BELOIT – Senator Mark Spreitzer released the following statement regarding racist behavior during Friday’s basketball game between Beloit Memorial High and Muskego High School:

“Racism cannot be tolerated in our communities. The unacceptable behavior from Muskego students at the recent Beloit-Muskego basketball game demonstrates once again that our state still has a long way to go.

“Beloit students who traveled to Muskego to play a game that they love were instead met with hate, swastikas, and racial slurs. I support the School District of Beloit’s investigation of this incident, and the Muskego-Norway School District must treat this with the seriousness that it deserves. I stand with our students, their families, and our community against racism. Our students deserve better.”
