Senator Melissa Agard to Hold Virtual Budget Breakdown

Sen. Agard will also host multiple smaller listening sessions on various topics in the Budget

MADISON – On Tuesday, Senator Melissa Agard (D-Madison) is hosting a Virtual Budget Breakdown Session for her constituents. Governor Evers introduced his biennial state budget proposal last month. Senator Agard will be breaking down key portions of the budget and how it will impact the 16th Senate District and the state of Wisconsin.

Senator Agard released the following statement on this budget breakdown session and the governor’s budget proposal:

“You show me a budget - I can tell a lot about your values. Governor Evers’ budget reflects the will of the people and focuses on the issues that matter to Wisconsinites - like making health care more affordable, helping our state recover from the COVID-19 pandemic, and increasing equity. I’m looking forward to sharing key provisions of the governor’s budget to demonstrate the positive impact they will have here in the 16th Senate District and across Wisconsin.”
