Senator Agard Applauds AG Kaul's Response to Election "Investigation"

MADISON- Today, Wisconsin Attorney General Josh Kaul released his response to the Special Council appointed to investigate the 2020 election and investigate statewide and local officials.

Senator Melissa Agard (D-Madison) released the following statement:

"Attorney General Kaul is right - the investigation into the 2020 election has no credibility. At every turn, the investigation promoted by Speaker Vos has been riddled with conspiracy theories, missteps, and enormous blunders. There is too much at stake and this is not the place for political games. The foundation of our democracy is under attack with these rhetorical actions to appease a disgraced former President. An investigation with a predetermined outcome is a political stunt, not a search for the truth.

"It is time that The Big Lie be put to bed once and for all. In one of the most hyper-scrutinized and examined elections in our state's history, there has been no evidence of widespread voter fraud. It's time to move past the conspiracy theories and the lies - it is time to move on."
