Madison – State Senator Dan Feyen (R- Fond du Lac) released the following statement immediately following today’s vote in the State Senate on the Foxconn incentive legislation:

“Today I voted to bring Foxconn and the first ever liquid crystal display plant in North America to southeastern Wisconsin. This is a transformational opportunity for our state, and I am proud to vote for these family supporting jobs.

It was important to vote for an incentives package that is the best possible deal for taxpayers, and I believe this amended legislation accomplishes that. I am excited not only for southeastern Wisconsin, but for the supply chain opportunities Foxconn presents to all Wisconsin companies – including many in the 18th Senate District.”
