## **Statement on Kenosha Shooting**

Madison, WI – State Senator Duey Stroebel (R – Cedarburg) issued the following statement:

*“While I have seen the video of the recent shooting in Kenosha, I know a full investigation from Wisconsin’s Department of Justice (DOJ) is needed to bring clarity to the current environment of jumping to conclusions. In the short term, I hope our communities remain peaceful and that any protests avoid the senseless violence that deepens our country’s divisions. In the long term, I hope DOJ completes a thorough and comprehensive investigation. Unlike Governor Evers, I plan to avoid ascribing blame or scoring political points while the investigation of events is ongoing.”*
