## **STATEMENT ON STATE OF THE STATE ADDRESS**

“My job and my priorities don’t change based on who is Governor. I was elected on keeping our communities safe, protecting the vulnerable, and keeping our economy strong and taxes low.

“I’m all for bipartisan solutions, but if Governor Evers wants to ‘fix’ an economy that has ‘Help Wanted’ signs all over Racine and Kenosha Counties, workers’ pay increasing, and good-paying manufacturing jobs returning to Wisconsin for the first time in a generation, count me out. If it means raising taxes on farmers and homeowners, no thank you.”
