Statement on Governor Signing Bill Providing Health Coverage for Fallen Officers

“Police officers and other first responders can do their jobs a little easier today. They risk their lives for us every time they go on duty, and for that we should all be forever grateful. Providing health care coverage for their families in the event of the unthinkable is the least we can do.

I’m grateful to Governor Evers for signing this bill so quickly, and to all my colleagues who supported this bill unanimously. It also wouldn’t have been possible with the outpouring of support from citizens all across the state. On behalf of everyone who will benefit from this bill, thank you.”
