Wirsch Announces Committee Assignments

Madison – Following the release of the Senate Standing Committees for the 2025-2026 Legislative Session, Senator Bob Wirsch (D-Pleasant Prairie) released the following statement:

“I’m pleased to have been appointed to three committees for the upcoming legislative session: the Senate Committee on Government Operations, Labor and Economic Development, the Senate Committee on Natural Resources, Veterans, and Military Affairs, and the Joint Legislative Audit Committee. As a veteran and union member, I believe I can offer unique and valuable insight to each of these committees. I look forward to continuing my advocacy for workers’ and veterans’ rights, the protection of our natural resources, and a government that works in the best interests of the people of Wisconsin. I am honored to have the opportunity to serve on these committees, and am ready to get to work.”
