**Sen. Testin Welcomes Jennifer Wunderlin to Office**  
*Spring Green Local Interning at Capitol this Summer*

**Madison:** Offices in the Wisconsin State Senate have plenty to do, even in the dog days of summer. Jennifer Wunderlin, a UW-Platteville student who lives in Spring Green, is getting a first-hand look at the process by interning in the office of State Senator Patrick Testin (Stevens Point).

“I first became interested in public policy in 2016, and I have a special passion for mental health,” said Wunderlin. “Senator Testin is the Chairman of the Senate Committee on Health and Human Services, and I’m enjoying learning more about the process.”

“Jennifer has been a great asset to the office, and we enjoy having her working and learning alongside us,” said Sen. Testin. “I like to make sure that our interns have the opportunity to work on several different projects so that they have a complete experience, and Jennifer is getting that.”

The Testin office is taking applications for interns throughout the year. Resumes can be sent to [Sen.Testin@legis.wisconsin.gov](mailto:Sen.Testin@legis.wisconsin.gov).
