RISSER/HESSELBEIN BILL WOULD EMPOWER STUDENTS ON REGENT CHOICE

Rep. Dianne Hesselbein (D –Middleton) and Sen. Fred Risser (D-Madison) are introducing legislation that would require the Governor to select the two student representatives on the UW System Board of Regents from a pool recommended by student governments of the UW System.

Current law requires the Governor only to consider such recommendations.

Said Risser, “This is a good bill for students and the Board of Regents as well. It helps to guarantee that the voice of the student body is honored in the selection process to the Board.”

“This is a great way to empower students,” said Hesselbein.
