Sen. Tomczyk on the State Budget

Madison, WI – Senator Cory Tomczyk (R-Mosinee) issued the following statement regarding the State Budget.

“After a long and tedious process, the Legislature’s work on the budget is finished. I voted yes on this budget, which will benefit the 29th Senate District and the entire state of Wisconsin.

As the Chair of the Senate Committee on Transportation and Local Government, I was pleased that my colleagues supported the Agricultural Road Improvement Program which will invest \$150 million in improving rural roads and infrastructure critical to agriculture. This is a new program that will have real world implications and help farmers get food to our tables.

Another success in the budget is the reduction of the state income tax and elimination of the personal property tax. Reducing the tax burden has been and always will be a priority for Republicans in the Legislature and I am proud to continue to this trend.”
