**Senator Pfaff Applauds Local Public Improvement Grants**

**Madison, WI** – Yesterday, Governor Evers announced more than \$20 million in grants to Wisconsin municipalities for public improvement projects. Under the announcement by Evers, the Village of La Farge will receive \$1,000,000, the Village of Ferryville will receive \$1,000,000, and the Village of Mount Sterling will receive \$621,333 according to State Senator Brad Pfaff (D-Onalaska). This funding will support utility infrastructure improvements, sanitary sewer improvements, and wastewater treatment improvements.

“Investments in public improvement projects grow our economy and provide our municipalities with stable and reliable infrastructure,” said Senator Pfaff. “I applaud these investments in our region and am glad to see our communities get the funding they need to improve the lives of Driftless Region residents.”
