

***NEW* Civic Education Program**

Senator Kapenga and the Wisconsin State Senate are proud to offer a new civic education program, called **KIDS at the Capitol**. Kids, ages 6-11, who desire to learn more about the Capitol and spend time learning about the legislative process are invited to apply. Our goal is to get kids excited about the legislative process and see it take place first hand. Kids interested will complete the application, which can be found at: <http://legis.wisconsin.gov/ssgt/civics>

We also offer **Page for a Day** program which is a full day program offered to middle and high school students who are ages 12-18.

Senators will sponsor a student who will serve for one day. It is the goal of the program for students to learn all they can about state government and how it functions. In addition to performing legislative duties, pages will be able to observe lawmakers, lobbyists, staff, and constituents that are all working together in the legislative process. Senate Pages will serve the members by assisting in the delivery of important information and messages to Senate offices. The Page for a Day program will be offered throughout the session. Application materials can be found at: <http://legis.wisconsin.gov/ssgt/civics>
