Statement by State Senator Alberta Darling on HOPE Agenda Hearing

MADISON - On Tuesday, the Co-Chair of the budget-writing, Joint Committee on Finance, State Senator Alberta Darling (R-River Hills) issued the following statement in support of today's public hearings on State Representative John Nygren's HOPE Agenda.

"I am proud to stand with Representative Nygren in his relentless effort to stop our state's heroin epidemic.

I co-authored this year's HOPE Agenda because each bill addresses many of the root causes of heroin addiction, but they all send the same message.

We will never give up on people who struggle with addiction. We will work to ensure you have the services you need to live an addiction free life."

Senator Darling represents portions of Milwaukee, Ozaukee, Washington and Waukesha Counties.
