Motion:

Move to amend Motion #520 as follows:

1. *Item #1.* Specify that only for the 29.4 positions eliminated under the bill (11.0 educators and 18.4 science services positions), DNR would not have to follow the statutory requirements under section 230.34(2) of the statutes that require the agency to identify and terminate (release) all employees in the layoff group who are performing duties which the employee would be qualified to perform including: (a) limited-term employees, including provisional employees; (b) employees serving on a project appointment; and (c) employees serving an original appointment probationary period.
2. *Item #4.* Clarify the land acquisition subprogram allocations, to specify the \$1 million set-aside for the Ice Age Trail would only be for purchases, and not for grants.
3. *Item #21.* Delete Item #21, related to air emissions of odorous substances from facilities.
