Senator Harsdorf

HIGHER EDUCATIONAL AIDS BOARD

Wisconsin Grant Formulas

Motion:

Move to modify current law to require HEAB to approve formulas for awarding Wisconsin Grants for any fiscal year by March 1 of the previous fiscal year. Specify that, if HEAB determines at any point during the fiscal year that the formula approved for any sector would need to be modified during the fiscal year in order to expend the entire amount appropriated for grants to students in that sector in that fiscal year, HEAB would be required to submit the modified formula to the Joint Finance Committee for approval through a 14-day passive review.
