National Guard Readiness
[LFB Paper 442, substitute alternative]

Motion:

Move to delete \$500,000 GPR annually from the bill for National Guard readiness. Instead, provide \$500,000 FED annually to the Department's National Guard operations federal aid appropriation.

Note:

This motion would provide for National Guard readiness through the utilization of federal revenue rather than general purpose revenue.

[Change to Bill: -\$1,000,000 GPR and \$1,000,000 FED]
